SEASON’S GREETINGS FROM CCHF
‘Tis the season to say THANK YOU to all of YOU who helped us support exceptional local healthcare all year long. So, where have your donations gone this year?

- You’ve helped us reach 65% of our goal for a new mammography machine.
  - Together, we’ve raised $260,000 of our $400,000 goal so far.

- Your donations have purchased over $193,000 in new equipment at CCH this year, touching all corners of our hospital.

- Support from YOU, and partners like the City of Cornwall and our Hospital, helped us bring two future emergency doctors to CCH.

LOOK INSIDE: Holiday greetings from our medical residents!
Give the gift of another new doctor to CCH this Christmas.
Doctors Mike Heseltine & Brittany Aziz (already fully licensed GPs) are now halfway through their emergency medical training with Queen’s University, thanks to YOU.
Turn the page to meet them INSIDE this issue!

Your donation this Christmas will support our 2020 Adopt a Medical Resident program in partnership with Queen’s University. Help us bring a 3rd medical resident to CCH next year!

All funds raised over our yearly goal of $135,000 will go to urgently needed medical equipment doctors require to serve local patients.

EXEMPLARY HEALTHCARE
...right here at home
We’re proud of the doctors, nurses and staff whose care allowed our hospital to receive a 99.3% compliance rate and exemplary standing by Accreditation Canada. This is a major healthcare achievement.

Accreditation Canada is a not-for-profit dedicated to working with patients, policy makers and the public to improve quality of health and social services.

According to on-site surveyors, "(t)he team (at CCH) is cohesive; staff are compassionate and committed to patient and family-focused care."

Meet our medical residents from Queen's

Your donations made their emergency medicine dreams a reality. Doctors Mike Heseltine and Brittany Aziz are wishing all of CCHF’s donors a happy & healthy holiday.

A FEW WORDS FROM DR. HESELTINE…

"The Adopt a Medical Resident program means a lot to me. It means I have the opportunity to work, learn & serve a great community alongside an amazing group of people already working at CCH.

It also gives me the chance to show how much I appreciate the community of Cornwall for helping pursue the additional training in emergency medicine."

Holidays with the Heseltines

Heseltine Christmas traditions include family gatherings, World Junior Hockey viewings on Boxing Day, and a healthy dose of sausage in the stuffing!

A MESSAGE FROM DR. AZIZ…

"Emergency medicine gives me the opportunity to use both my problem-solving and procedural skills. I always felt at home in the Emergency Room and the work is really rewarding.

I am very grateful to the community for the opportunity to enhance my skills as an emergency physician. This program allows me to provide safer and more efficient care to the patients and to learn from knowledgeable physicians in my field."

Christmas with Brittany

At Christmas time, the Aziz family checks out a musical or Broadway show in Toronto and then shares a fun dinner together.

FIRST OF ITS KIND: Family Caregiver Centre now open at CCH

A family caregiver provides critical and ongoing care to a loved one. The Changing CARE Family Caregiver Centre is now available to help family caregivers feel supported during their time at the hospital. The Centre features a private lounge, kitchenette and family meeting room located on Level 1 at CCH near the Janet MacDonnell Pavilion.

The Centre is open daily from 6:00 a.m. to 8:00 p.m. Trained volunteers will be available to provide one-on-one support to family caregivers Monday to Friday from 12:00 p.m to 4:00 p.m.
